

## FOR WINKLEY, JERSEY DEMOCRATS WILL

s in Eulogium of Him  
Be Adopted at To-  
day's Convention.

ett A. Hobart Will Be Urged as  
the Ohio Man's Running  
Mate.

ATE LEADERS MAKE THEIR PLANS.

Present a Platform in Which Protec-  
tion Will Be Strongly Urged and  
a Gold Standard Sup-  
ported.

Trenton, N. J., April 15.—The eve of the  
Republican State Convention for the elec-  
tion of delegates to the National Convention  
at St. Louis finds few outside of the  
big State leaders on the ground. The dele-  
gates are all expected to arrive to-morrow  
morning. To-night the leaders are discus-  
sion the situation and the State Committee  
is holding a session to arrange the pre-  
liminaries for the convention. Among  
the first to arrive were United  
States Senator Sewell and Garrett A.  
Hobart. The latter is the choice of the  
New Jersey Republicans for the Vice-Pres-  
idential nomination. Franklin Murphy,  
chairman of the Republican State Com-  
mittee, was another to put in an early ap-  
pearance. Nearly all of the New Jersey  
Congressmen are also here. Sewell, Hobart,  
Murphy and Governor Griggs received a  
large number of callers at their respec-  
tive headquarters.

The State Committee at a meeting a few  
days ago decided upon Senator Stokes for  
temporary chairman of the convention.  
There was a strong feeling to-night in favor  
of making Governor Griggs the convention's  
permanent chairman, but the Governor ex-  
pressed a wish that this be not done. He  
prefers to be a spectator and watch the pro-  
ceedings of the convention from one of the  
boxes.

In consequence of the Governor's desire  
not to be the permanent chairman, it is  
practically agreed that Senator Stokes ac-  
cept both temporary and permanent presiding  
officer. The secretaries of the convention  
will be John Y. Foster, the secretary of the  
State Committee; ex-Assessment J. Her-  
bert Potts, of Hudson, and A. S. Barber, of  
Woodbury.

The prevailing and, in fact, the unani-  
mous sentiment of the delegates thus far  
in the city is in favor of McKinley, and  
although the leaders are opposed to hav-  
ing the National delegates instructed, they  
will not interpose any objections to the  
adoption of a resolution eulogistic of the  
Ohio man. The delegates in New Jersey  
will leave the delegates in a position where  
they will be less hampered, and will be  
a more important factor in the National  
Convention.

The talk of Hobart for Vice-President is  
being discussed in the most animated man-  
ner. Mr. Hobart himself is beginning to take  
on the fever, and while he is not willing  
to say that he is candidate, still he thinks  
it pretty plain that he would be pleased  
to receive the Vice-Presidential nomina-  
tion. When the delegates to the National  
Convention are held, the Republican Na-  
tional ticket in New Jersey, he said he felt too modest to assume that  
he was such an important factor in the  
convention, but that State pride played no small  
part in drawing strength to a National  
ticket.

The platform that will be adopted to-  
morrow will contain a strong protection  
clause and will be in favor of William  
McKinley. Mr. Hobart, who is chairman of  
the committee, said that the money plank  
was the subject of much discussion. The  
money plank, with gold as the single stand-  
ard, was the subject of much discussion.  
Mr. Hobart thought it possible, how-  
ever, that the delegates would favor the  
recognition of silver upon a basis of 16 to 1, when such a basis  
had been recognized by international agree-  
ment.

It is conceded that Senator Sewell, Gar-  
rett A. Hobart and John Kean will be  
the candidates for the office of Governor.  
Mr. Kean is the favorite of the Elias  
Ward, who is opposing Franklin Murphy  
for the fourth place, said to-night that if  
Kean was elected, he would not carry the fight  
into the convention.

SHOT THE WRONG MAN.  
Bookkeeper Quackenbush Believes High-  
wayman Hogan and His Party Were  
Lying in Wait for Him.

Paterson, N. J., April 15.—Joseph H.  
Quackenbush, who is chief bookkeeper for  
the New York dry goods house of William  
E. Strong & Co., and a political power in  
Passaic County, believes the highwaymen  
who on Monday night shot David Dinger  
and fired at W. O. Fayerweather, lay in  
wait for him.

The carriage in which he had been ac-  
customed to drive home broke down a  
few days ago and he has been walking  
home. He is under guard. Other Republi-  
cans and his pals had been in the  
neighborhood frequently of late and had  
probably planned to waylay Quackenbush  
on the eve of election when he would be  
likely to have much of the party funds  
on his person. He is congratulating him-  
self on his escape.

Frederick Jenner, who was arrested yester-  
day, is an accomplice of Hogan. Jenner  
was positively identified to-day by Fayer-  
weather as the man who pointed the re-  
volver at him on Monday night.

HEINTZE'S MAJORITY 2,891.  
Democrats Celebrate in Jersey City and  
Republicans Explain.

The corrected returns of the election in  
Jersey City show that the total vote for  
Ferdinand Heintze (Democrat) for Street  
and Water Commissioner were 12,160; for  
Hooper (Republican), 9,388. These re-  
sults are the highest ever cast by their re-  
spective parties. Heintze's majority over  
Hooper is 2,881.

Mayor Wanser, who was elected by the  
Republicans four years ago, said that the  
result was a consequence of the apathy  
among the Republicans. He said that he  
thought their party's knockout to ill-feel-  
ing between City Treasurer Dickinson and  
Sheriff Torrey, to opposition to Com-  
missioner Edward W. Woolsey, and Com-  
missioner Hooper had attributed his defeat to a  
lack of interest among the Republicans in  
the campaign. There were too many stay-  
at-home among the Republicans.

The celebration by the Democrats of their  
victory was continued to-day by a large  
night. Brass bands, brooms and fireworks  
gave the city a Fourth of July appearance.

Passenger Train Disabled.  
Northport, L. I., April 15.—A slight ac-  
cident on the Long Island Railroad early  
this morning caused many commuters to  
New York to be late for business. The  
engine No. 124 was on a turntable pit this  
morning and Fireman Charles E. Sprague  
went to get the locomotive to back her to  
the waiting train. He pulled the lever and  
the engine shot forward. He did not stop her  
before she ran into the water tank, and  
the train was disabled and the passengers  
had to wait an hour.

Fatal Fall Out of Bed.  
Passaic, N. J., April 15.—Mrs. Mary  
Hickey, a middle-aged woman, residing on  
Main street, fell from her bed some time  
Monday night. She was lying on her back  
and was rendered unconscious. Last night  
she was found by her husband. It is thought her skull was  
fractured by the fall.

Results in the Cities Make Them  
Confident of a Victory  
Next November.

Republicans Aver That Losses in New-  
ark and Jersey City Are Due  
to Factional Fights.

CORRECTED ELECTION RETURNS

Seymour, the Majority Candidate, the  
Only Democrat Who Had a Majority  
in Newark—Republicans Win a  
Fierce Fight in Camden.

Trenton, N. J., April 15.—The results of  
the elections held in the first and second  
class cities of the State yesterday show that  
the Democrats made large gains. This has  
made them confident of carrying the State  
at the Presidential election next fall.

Both parties, however, are finding com-  
fort as they study the returns. The Dem-  
ocrats find joy in the fact that they made  
inroads on the offices held by Republi-  
cans, while the Republicans lay part of  
the blame to internal dissensions. This  
was especially true in Newark. In that  
city, while Mayor Lebkuecher was defeat-  
ed for another term by his Democratic op-  
ponent, James M. Seymour, the rest of  
the Republican city ticket was elected,  
with the exception of one nominee, and the  
vote in his case is in dispute.

Jersey City gives little consolation to  
the Republicans, while the Democrats can-  
not find sufficient room in their hearts for  
gladness, for it would appear that not  
far from Jersey City but the hub of Hudson  
County, was once more firmly anchored in  
the Democratic column.

Elizabeth mixed things up so that both  
sides are wondering how it happened.

as an official and a politician, was elected

## FOUGHT THE DEPUTIES.

Battle Between Italian Laborers  
and the Authorities at  
Port Richmond.

Midland Forces Attempted to Tear  
Up the Roadway, When They  
Were Attacked.

ALL WERE HAULED UP IN COURT.

Old Contest Between the Midland and  
State Island Companies Cropped  
Out Afresh—Justice Mullen Re-  
served His Decision.

Port Richmond, S. I., April 15.—There  
was a brief but not bloodless battle in  
this village this morning between several  
constables and deputy sheriffs and a gang  
of Italian laborers employed by the State  
Island Midland Railroad Company.

For some time there has been a contest  
in and out of the courts between the Mid-  
land and the State Island Electric Com-  
pany over a short stretch of track on  
Richmond terrace, lying between Jewett  
and Richmond avenues.

The State Island Electric Company has  
been granted a franchise for a double  
track at that point, and the Midland Com-  
pany claims the right to run cars over it.  
They claim this under an agreement be-  
tween the Prohibition Park Electric Rail-  
road Company and the receiver for the  
State Island Belt Line Company, the  
rights of which the State Island Electric  
Company acquired.

The Midland Company obtained an order  
restraining the State Island Electric Com-  
pany from tearing up the existing track  
some months ago, but last week this order  
was modified to permit the laying of double  
tracks, but providing that the Midland  
Company should have the use of the track  
until the question of the rights of the two  
companies might be adjudicated.

Immediately after this decision the Mid-  
land Company spread ties and rails along  
the line, although the company having the  
franchise has had materials for the double  
tracks on the grounds for months.

The village trustees, by resolution, or-  
dered the Midland Company to remove its  
rails and ties from the street, but the or-  
der was not obeyed, and it was rumored  
that the work of laying a new track would  
be begun by that company at midnight  
last night.

A guard of constables and deputy sheriffs  
were on guard all night, while several po-  
lice-men were on hand to preserve peace.  
The Midland force of about seventy-five  
men did not put in appearance until 6:30  
to-day and under the direction of F. D.  
Lavan and began to tear up the roadway  
at 7 o'clock.

The laborers were at once attacked by the  
guard led by Trustee Robert Brown, but the  
whole crowd was told that they were  
under arrest. Among the constables were  
"Jack" Hammond, Robert Hunter and Her-  
bert Mullen.

The Italians did not understand why they  
were interfered with and they began to  
fight. Many blows were struck by both  
sides. Redmond had a lively encounter,  
but came out on top.

A guard of laborers were marched before Justice Mullen on a charge  
of violating a village ordinance in tearing  
up the street without permission. The jus-  
tice reserved his decision and meanwhile there  
is a suspension of hostilities, but each com-  
pany is vigilantly watching the movements  
of the other.

MRS. BENTLEY'S EXPENSES

Says Her Children Have the Same Treat-  
ment They Had When Her Hus-  
band Was Alive.

Mrs. Emily Bentley was the principal  
witness yesterday before Vice-Chancellor  
Pinney in Jersey City in the hearing in the  
suit to make the receiver of her estate a  
permanent receiver. Her children have  
secured the appointment of William E.  
Lewis as temporary receiver and wished to  
have her removed permanently as executor.

Mrs. Bentley said that she did not know  
the contents of her husband's will until a  
week after his death. He told her that he  
wished to leave his property to his wife.  
When the will was found in his safe a  
memorandum written by her husband was  
found, and she then learned that he wished  
his wife to have all his property if she  
survived him. The will made that dis-  
position of the estate.

Mrs. Bentley's living expenses, when she  
became a widow, were \$6,000 a year. She  
sent her eldest son, Peter, to Princeton,  
and spent \$1,000 a year upon his educa-  
tion, clothes and spending money. She  
gave her daughters instruction in  
music at \$50 a quarter. This testimony  
was to explain how it was that Mrs.  
Bentley had such need of money. Her  
complaining children, the two younger of  
the six are not old enough to be the suit, allege  
that they waste the estate.

Mrs. Bentley deposed that her children  
insisted that they should have the same  
income and luxuries as when their father  
was living. They did not like it if she  
refused them. She had sold some of her  
own stock of the Hudson County National  
Bank to pay another debt. She took her  
family away in the Summer time at  
least \$2,000. The hearing was adjourned  
to May 12.

FASTED FOR NEARLY A YEAR.

Now the Woman Has Been Fifty-four Days  
Without Food.

Battle Creek, Mich., April 15.—For fifty-  
four days Mrs. Henry Ingram, of this city,  
has not been able to take a particle of  
food by natural processes. Sixteen years  
ago she was afflicted the same way, and  
did not eat food for 362 days, during which  
time she was reduced from over 200 pounds  
to 80.

Many inquiries about this strange case  
are coming from abroad. Mrs. Ingram is  
very weak, but looks well in the face, al-  
though greatly reduced in flesh.

the Institute Rooms, No. 111 West Thirty-  
eighth street, at 8 o'clock. Professor William  
Hallack, of Columbia College, will lecture upon  
"Color." Illustrated by brilliant experiments.  
The entertainment is free.

The next in the series of lectures given by Dr.  
William Wood, of the University of New York,  
will be delivered April 28. The subject will be  
"The Materialistic Spirit."

## COULD NOT STAND GOSSIP.

It Drove Mrs. Krinns to Taking a  
Mixture of Match Heads  
and Roach Powder.

The Taunts of Her Neighbors Re-  
sponsible for Her  
Rash Act.

HUSBAND FOUND HER UNCONSCIOUS.

Physicians Worked Over the Woman for  
a Long Time Before She Opened  
Her Eyes—She and Her Hus-  
band Had Lived Happily.

Bayonne, N. J., April 15.—Because her  
neighbors gossiped about her, Mrs. Lizette  
Krinns, aged twenty-eight, of No. 220 East  
Twenty-second street, attempted to com-  
mit suicide to-day.

The Krinns family, consisting of the hus-  
band, John, his wife and three pretty chil-  
dren, moved to this city from New York  
day before yesterday. The family was of  
Austrian nativity and very poor. Their new  
neighbors were Poles, Slavs, Hungarians  
and of other nationalities, and they, accord-  
ing to Mrs. Krinns's story, at once began  
to make life miserable for the newcomers.

The gossiping upon the poor woman's mind  
to such an extent that she determined to  
end her trouble by taking her life.

She arose early this morning and went to  
the kitchen. There she took a number of  
matches and soaked them in water, and  
then stirred in a quantity of roach powder.  
Then she swallowed the mixture, draining  
the cup the last drop. She staggered a  
few steps and then fell to the floor uncon-  
scious.

The husband, upon awakening, missed his  
wife. He began a search for her. As he  
entered the kitchen he came upon his wife,  
stretched upon the floor, near the stove.  
She was breathing heavily. The truth  
dawned on him and he ran to obtain as-  
sistance.

The unconscious woman was removed to  
the Bayonne Hospital. It was some time  
before she regained consciousness. At 8  
o'clock to-day she was in a critical con-  
dition. She had no desire to live.

The family had always been happy and  
contented until they came to Bayonne.

Pack of Mad Dogs Causes Terror.

Sea Isle City, N. J., April 15.—A large  
pack of ferocious dogs are causing the re-  
sidents of the little town of Elmer, Salem  
County, much concern and uneasiness by  
the boldness of their depredations. Several  
weeks ago a half dozen mad dogs ran  
through the streets of the town, biting sev-  
eral valuable horses and a number of cows.  
Gunners have killed over a score of the  
animals during the past two weeks. Dur-  
ing daylight they remain in the swamp, but  
as soon as darkness approaches they come  
forth and roam the streets. A dog hunt  
will shortly take place.

Tried to Stop a Runaway Horse.

Hoboken, N. J., April 15.—Marcus Little,  
a retired merchant, seventy-three years  
old, was seriously, if not fatally, injured  
by a runaway horse yesterday. He had  
been driving a carriage for some time, when  
the horse took fright and dashed up  
the street. Little ran into the road-  
way and seized the horse. He was dragged  
some distance, and finally letting go, was  
stepped on by the horse and run over by  
the carriage. He was picked up uncon-  
scious. Physicians believe that his recov-  
ery is doubtful.

ry your food in Cottolene  
instead of lard and it will be  
free from that greasiness and  
"richness" so distressing to  
dyspeptics; the flavor will be  
delicious instead of rancid,  
and your food will do you  
good. Put it in a cold pan,  
heating it with the pan.  
Cottolene reaches the cook-  
ing point much quicker than  
lard—care should therefore  
be taken not to overheat it.  
Follow these instructions—  
you will never use lard again.  
Genuine Cottolene has trade-marks "Cot-  
tolene" and "star in hand in cotton plant."  
Beware of cheap imitations.

## BLESTED THE BAPTISTERY.

Bishop Starkey Officiated at the Ded-  
ication of the Stevens Memorial at  
Trinity Church, Hoboken.

The parishioners of Trinity Church, of  
Hoboken, yesterday celebrated the blessing  
of the new baptistry in the church with  
communion and an elaborate song service.

The baptistry was erected to the mem-  
ory of the late John Stevens, of Castle  
Point. It is octagonal in shape, 13 feet  
wide, 16 feet long and 23 feet high. The  
font stands in the centre, on a platform of  
white marble. There is a brass cross over  
the cover, which is 14 feet high.

The cover is Gothic in design, octagonal  
in shape, of quartered oak, decorated with  
elaborate carving, and edged with crockets.

The base of the baptismal font is 40 inches  
in diameter and the bowl is 36 inches in  
diameter. It stands 4
